The Future is Here.

The new Sprint Spectrum system puts the full spectrum of personal communication in the palm of your hand; with an unprecedented range of features and services. From crystal clear voice quality . . . to convenient text messaging and voicemail . . . to call privacy . . . and so much more.

The Sprint Spectrum system will help you manage your life a little better. While you are in the Sprint Spectrum service area, you can make calls to — and receive calls from — anywhere in the world. You can also receive voice, text and numeric messages at any time. . . so that you can stay in touch — even when your handset is turned off.

Phone

Answering Machine

Pager

Your All-in-One Personal Communication System

Sprint Spectrum gives you a personal phone, answering machine and pager that fits in the palm of your hand and offers the features you need:

- ▶ 100% Digital state-of-the-art network
- ▶ Answering machine and pager
- ▶ Exceptional voice quality
- ▶ Call privacy and security
- ▶ Caller ID
- ▶ Voicemail
- ▶ Text Messaging
- ▶ Call Waiting
- ▶ Call Forwarding
- ▶ Call Barring
- ▶ Information Service
- ▶ Free 911 Access

Features and Benefits

100% Digital Wireless Network

The next generation of wireless communications.

Sprint Spectrum is the first Personal Communication System in the United States. Because the network is 100%-digital, it gives you the highest quality, most reliable service available today for your communications needs. Digital technology is the reason Sprint Spectrum can offer you so many new features on a wireless communications system. And more great services are on the way.

Answering Machine and Pager

Stay in touch. Your handset is a personal phone with a built-in answering machine and pager. You can stay in touch even if you can't answer your phone, or it's busy or turned off. The Sprint Spectrum Answering Machine automatically answers those calls, takes messages for you and saves them until you have time to listen to them. What's more, it gives callers the option of sending you a numeric page (a phone number to call, displayed on your handset screen) instead of leaving a voice message.

The Answering Machine and Pager feature is included free of charge with every Sprint Spectrum service subscription.

Exceptional Voice Quality & Clarity

A new standard for wireless communications. Tired of poor call quality on today's cellular phones? Sprint Spectrum gives you the answer.

- ▶ Crisp, clear communications
- ▶ Virtually static-free conversations
- ▶ No "cross-talk"
- ▶ Better in-building coverage

Call Privacy and Security

Say good-bye to eavesdropping. Sprint Spectrum is the only wireless system that brings you totally private, portable communications for the peace of mind you want on every call. Now you can be sure that no one is listening in to your conversation.

Sprint Spectrum uses its unique digital technology to prevent eavesdropping and fraud by:

- ▶ Encrypting your calls — to prevent "listening in" by outsiders
- ▶ Authenticating callers during call set-ups — to prevent unregistered use of your phone number

These powerful capabilities give you complete call privacy and security, something that no other wireless communications technology can offer you today.

Features and Benefits

Caller ID

Know who's calling before you pick up. Caller ID allows you to see the number of the person who's calling you before you answer. You can decide whether or not to answer the call. Calls you do not answer will go to your Answering Machine.

To see the phone number on your handset's display screen, the call must originate from a caller within the Sprint Spectrum network or from a phone in the local calling area.

Caller ID is included free of charge with your Sprint Spectrum Service.

Voicemail

Enhanced voice messaging capabilities. Sprint Spectrum Voicemail is for everyone who needs more than basic Answering Machine service. With Voicemail, you get all the messaging features of the built-in Answering Machine, but with enhanced capacity. Plus, you'll benefit from "mailbox to mailbox" messaging, which lets you create and forward messages directly to other Sprint Spectrum subscribers. You can send messages to mailing lists that you create. And you can defer your messages for future delivery. Together, these features add up to real messaging power.

Sprint Spectrum Voicemail is available to subscribers for a low monthly fee.

Text Messaging

Ensure message delivery. With Text Messaging, you'll always get information that you need, even if you don't want to be disturbed. Callers can contact the Sprint Spectrum Message Center and leave detailed messages of up to 160 characters to be sent to your handset 24 hours a day. You will receive the messages even if your handset is turned off or you have a call in progress.

Text messaging software for your personal computer is also available. The software lets you write and send messages directly from your computer to other Sprint Spectrum subscribers.

A low monthly fee is charged for Text Messaging.

Call Waiting

For the important calls you can't afford to miss. Call Waiting makes sure that your critical calls get through. When you're on a call, you'll know when another call is waiting for you. Plus, you can make another call from your handset while you keep the first call on hold. It's like having a second line.

Call Waiting is included free of charge in some pricing plans. For others, a low monthly fee is charged. Standard airtime rates are also charged.

Call Forwarding

Send your calls where you want them. Want your calls diverted to another number? Try Call Forwarding. When you're away from your handset, or don't want to be disturbed, Call Forwarding lets you automatically send all incoming calls to a number you specify.

A low monthly fee is charged for Call Forwarding. Standard airtime rates apply.

Features and Benefits

Call Barring

Control cost. Call Barring allows you to specify the types of calls you want to be made from (or sent to) your handset. Call Barring gives you greater control of your personal phone use and helps you avoid unwanted costs. Call Barring can be turned on or off at any time.

A low monthly fee is charged for Call Barring.

Information Services

Dial up the information you need. Sprint Spectrum Information Services give you up-to-date information about a variety of subjects. It's easy — all you have to do is dial *INFO and pick the topic that interests you from the menu provided:

- ▶ Weather
- ▶ News
- ▶ Sports
- ▶ Financial News
- ▶ Traffic
- ▶ Horoscopes
- ▶ Lottery Numbers

A special airtime rate is charged for calls made to Sprint Spectrum Information Services.

Free 911 Access

Security and peace of mind. In times of emergency you want simple, direct access to help. With Sprint Spectrum, you dial 911, just like on any other phone. There is no charge for 911 calls.

Making Your Life A Little Easier

No Long-Term Service Contracts Required

No strings attached. Because Sprint Spectrum is so easy to activate, and because you shouldn't have to be "locked in" to a service you want, you don't need to sign a long-term service contract. Sprint Spectrum Service is here for as long as you want to use it. If for any reason you are not completely satisfied or wish to terminate service, just call Customer Care.

Hassle-Free Activation and Service

Anywhere, Anytime — Over-the-air activation. Sprint Spectrum is very easy to activate! One phone call to Customer Care is all it takes. Within minutes, Customer Care can turn on your service for the first time, add features, and build your account profile — completely over-the-air. There's nothing else like it in the industry.

This unique "over-the-air activation" is possible because all of your account information is stored on a "Smart Card" microchip in your handset. A Customer Care Representative can update information to the Smart Card instantly whenever you need.

Features and Benefits

Personalized Features and Services

Customized to You. With so many features and services available, Sprint Spectrum gives you all the options you need to tailor a personal communications system that is right for you. A Customer Care representative will work with you to assess the options and match them to your individual requirements.

Customer Care

Available 24-hours a day, 7 days a week. The Sprint Spectrum Customer Care Center is staffed round-the-clock, every day. Friendly Customer Care representatives are available to handle all of your needs — from answering questions to checking your account status to arranging service changes. So you can make a change in your service at any time.

Technology Made Simple

Sprint Spectrum is technology at its best: Easy to use. Easy to learn. Simple in design. Convenient to your personal lifestyle. Sprint Spectrum has all the elements to help you manage your personal and business life.

1-800-311-4220

print Spectrum Service Plans Include:

Free Airtime – All service plans have airtime included at no extra charge. So you can make calls when you want to without worry.

No Contract – Unlike cellular, Sprint Spectrum does not require that you sign a long-term contract.

Built-In Answering Machine – With your handset's built-in answering machine, you can stay in touch even if you can't answer your phone, or if it's busy or turned off. The answering machine automatically answers these calls, takes messages for you and saves them until you have time to listen to them.

Built-In Numeric Paging – Every handset includes built-in numeric paging at no extra charge. Callers can leave a phone number for you to call when you want to.

Built-In Caller ID – Every handset includes Caller ID at no extra charge. So you'll see the number of the person who is calling you before you answer. If you choose not to answer, the caller can leave you a message or a page.

Free Minute for Incoming Calls – The first minute of incoming calls is free – so you can give out your number and not worry about paying for calls you don't want to receive.

Great Rates on Sprint Long Distance – With Sprint Spectrum you get your choice of two great Sprint long-distance plans. Just tell Customer Care (when you sign up for service) whether you'd prefer Sprint Sense™, which gives you 22¢ per minute peak and 10¢ per minute off-peak, or "flat rate" pricing of 15¢ per minute, anytime – day or night.

Choose Your Number – In order to make your number easy to remember, Customer Care will try to match the last four digits of your number to those of your choice when you call to activate (subject to availability).

Choose Your Billing Cycle – You select the time of the month you want to receive your bill, so it arrives when you want it to.

Detailed Billing – Each invoice you receive is easy to read and will give you full detail of all call activity for the month.

Handset Replacement Program – Handset replacement protection is included with all service plans, except Talk 15 and Talk 30, so you automatically protect your investment. Handset Replacement Program is available on Talk 15 and Talk 30 for \$4/month.

Customer Care is Always There – Our friendly Customer Care Representatives are available 24 hours a day, seven days a week to help you. Call them to get answers to questions or change service plans. This call is always free – Dial 611 from your Sprint Spectrum handset or 1-800-311-4220 from any phone.

Whether you want Sprint Spectrum service to help manage your work or personal life, or as a safeguard for emergencies, you'll find that Sprint Spectrum does much more for you than today's cellular services for much less than cellular costs. Each service plan includes free airtime.

Talk 15 – The “Starter Package.” What a great way to get to know Sprint Spectrum. It's the way to take advantage of the benefits Sprint Spectrum has to offer at the lowest possible monthly charge. For only \$15 per month you're on the network. And, unlike cellular starter packages, this one includes a full 15 minutes of anytime airtime, so you can talk when you want to – day or night, weekdays or weekends. Additional minutes are 31¢ per minute, anytime, day or night. Talk 15 also includes a built-in answering machine, numeric paging and Caller ID, so you're always “in touch.”

Talk 30 – For only \$25 per month, you've got a plan that includes 30 minutes of anytime airtime, so you can talk when you want to – day or night, weekdays or weekends. Additional minutes are 31¢ per peak minute and only 10¢ per off peak minute. Talk 30 also includes a built-in answering machine, numeric paging and Caller ID.

Talk 120 – This plan includes 60 minutes of peak airtime plus 60 minutes of off-peak. Additional minutes are 29¢ peak and 10¢ off-peak. Talk 120 includes a built-in answering machine, numeric paging and Caller ID. Plus, you are automatically protected with a Handset Replacement Program at no extra cost.

Talk 300 – This plan includes 150 minutes of peak time and 150 minutes of off-peak. Additional minutes cost only 27¢ peak and 10¢ off-peak. Talk 300 includes a built-in answering machine and numeric paging, Caller ID and Call Waiting at no charge. Plus, you are automatically protected with a Handset Replacement Program at no extra cost.

Talk 600 – This is the perfect plan for frequent talkers. It includes 300 peak and 300 off-peak minutes, so it is easy to be in touch when you need to. Additional minutes are only 26¢ peak and 10¢ off-peak. Talk 600 includes a built-in answering machine and numeric paging, Caller ID and Call Waiting at no extra charge. Plus, you are automatically protected with a Handset Replacement Program at no extra cost.

Talk 1200 – This is the perfect choice for people who make and receive lots of calls. As the top-of-the-line plan, it includes a whopping 600 minutes of peak time and 600 minutes of off-peak. Should you need additional minutes, they are priced at our absolute lowest rate – only 25¢ peak and 10¢ off-peak. Talk 1200 includes a built-in answering machine, numeric paging, Caller ID and Call Waiting at no extra charge. Plus, you are automatically protected with a Handset Replacement Program at no extra cost.

Corporate Service Plans – Available for accounts with five or more subscribers. Call 1-800-311-4220 for more information.

All rates and policies are subject to change with reasonable advance notice.
